Federal Communications Commission  
Washington, D.C. 20554

FEB 15 2005

In the Matter of )  
 )  
Implementation of Section 3 of the Cable )  
Television Consumer Protection and Competition ) MM Docket No. 92-266  
Act of 1992 )  
 )  
Statistical Report on Average Rates for Basic )  
Service, Cable Programming Service and )  
Equipment )

**ORDER****Adopted: February 11, 2005****Released: February 14, 2005****Responses Due: March 31, 2005**

By the Chief, Media Bureau:

**I. INTRODUCTION**

1. Section 623(k) of the Communications Act, as amended by the Cable Television Consumer Protection and Competition Act of 1992 ("1992 Cable Act"),<sup>1</sup> requires the Commission to publish annually a statistical report on average rates for basic cable service, cable programming service, and equipment.<sup>2</sup> The Act also requires the Commission to compare the average rates of cable operators subject to effective competition with those of operators not subject to effective competition.<sup>3</sup>

<sup>1</sup> Section 623(k) was adopted as Section 3(k) of the 1992 Cable Act, Pub. L. No. 102-385, 106 Stat. 1460, codified at 47 U.S.C. § 543(k).

<sup>2</sup> 47 U.S.C. § 543(k). The 1992 Cable Act defines basic cable service as that tier of service that includes the retransmission of local television broadcast signals. *See* 47 U.S.C. § 543(b)(7). Cable programming service is defined as any video programming other than (A) video programming carried on the basic service tier, and (B) video programming offered on a per channel or per program basis. *See* 47 U.S.C. § 543(k)(1)(2). Equipment refers to a converter box, remote control, and other equipment necessary to access programming. *See* 47 U.S.C. § 543(b)(3).

<sup>3</sup> Effective competition exists where the Commission has found that a multi-channel video programming distributor ("MVPD") meets one of four tests within its franchise area: (1) fewer than 30% of households subscribe to the service of the cable system (herein referred to as the "low penetration test"); (2) at least two MVPDs serve 50% or more of households and at least 15% of those households take service other than from the largest MVPD (the "overbuild test"); (3) a municipal MVPD offers service to at least 50% of households (the "municipal test"); (4) a local exchange carrier ("LEC") or its affiliate (or any MVPD using the facilities of the LEC or its affiliate) offers video programming service (other than direct broadcast satellite ("DBS") service) comparable to the service of an unaffiliated MVPD (the "LEC test"). *See* 47 U.S.C. § 543(1)(1)(A-D).

2. To implement the requirements of Section 623(k), the Commission is directing certain cable operators to respond to a price survey questionnaire designed to solicit information concerning rates for basic service and cable programming service and equipment used to receive such services. A copy of the questionnaire, along with instructions for completing and returning the questionnaire, is attached to this Order as Appendix B. The cable operators selected for our sample must complete and return the questionnaire(s) no later than March 31, 2005.

3. The survey asks questions about an operator's monthly charge for the basic service tier, cable programming service tiers, and equipment. The survey requires cable operators to provide this information as of January 1, 2005, and January 1, 2004. In addition, the survey asks for information on such factors as number of subscribers and installation charges as of those dates. The survey also seeks information concerning system capacity, advanced services, and channel listings as of January 1, 2005.<sup>4</sup>

4. Our sample includes a random sample of cable systems serving communities where the Commission has granted a petition for effective competition, and a random sample of other communities nationwide. A completed questionnaire is required for each community selected for the survey. If more than one community is selected from any cable system, the cable operator should complete a separate questionnaire for each community unit identification ("CUID") number selected.

5. Data submitted in response to this survey will be made available to the public in aggregate form. If individual respondents to the survey wish to request confidential treatment of any data provided in connection with this survey, in accordance with Sections 0.457 and 0.459 of the Commission's rules, they should request such confidentiality in writing and identify clearly the specific information they wish to protect. They also should provide, as required by the rules, a complete explanation of why such treatment is appropriate. This request for confidentiality should be submitted in the same manner as the completed questionnaire(s), as described in Appendix B. Whether or not any respondent requests confidentiality, no data that can be used to identify individual respondents, either directly or indirectly, will be released to the public.

6. Accordingly, IT IS ORDERED pursuant to Section 3 of the 1992 Cable Act (Section 623(k) of the Communications Act of 1934, as amended), 47 U.S.C. 543(k), and Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), that cable systems subject to the price survey requirement described herein shall complete and return the questionnaire set forth in the attached Appendix B no later than March 31, 2005.

FEDERAL COMMUNICATIONS COMMISSION

W. Kenneth Ferree  
Chief, Media Bureau

---

<sup>4</sup> We are mindful of the need to limit administrative burdens associated with this price survey. We anticipate that the burdens faced by responding cable operators should be limited, as the information requested is of the type that should be readily available to operators. Suggestions for reducing the burden may be sent to the Commission. For further information, see the notice contained in Appendix A of this Order regarding the Privacy Act and Paperwork Reduction Act.

**APPENDIX A**

## 2005 Cable Price Survey

**FCC NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT AND  
THE PAPERWORK REDUCTION ACT**

The solicitation of information in this form is authorized by Section 623(k) of the Communications Act, as amended. The Commission will use the information provided in this form to compare prices charged for basic cable service, cable programming service, and equipment by cable operators that are subject to effective competition with those not subject to effective competition. This form has been approved by the Office of Management and Budget, under OMB control number 3060-0647 (expiration date: February 29, 2008).

The public reporting burden for this information collection is estimated to average 6.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and entering the data needed, and completing and reviewing the questionnaire. Suggestions for reducing the burden may be included on the note page contained in the questionnaire. Alternatively, send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Federal Communications Commission, Records Management Division, Washington, D.C. 20554. (Do not send completed survey questionnaires to this address.)

The above notice is required by the Privacy Act of 1974, Pub. L. No. 93-579, 88 Stat. 1897, codified at 5 U.S.C. § 552a(e)(3), and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 109 Stat. 163, codified at 44 U.S.C. § 3507.

## APPENDIX B

## 2005 Cable Price Survey

## INSTRUCTIONS FOR FCC ANNUAL CABLE INDUSTRY PRICE SURVEY

**General Information:** Complete the attached questionnaire to the best of your ability. Please read these instructions before completing the survey. In addition, refer to the questionnaire for guidance on answering specific questions. This is important because it is essential that all operators use the same definition for each question. Please complete a questionnaire for each CUID listed in the attachment to the letter accompanying this Order.

We request information on prices at the community/franchise level. We also request information on number of households, number of subscribers, and advanced services at the system level. Section B of the questionnaire defines system level for the purpose of this survey.

**Background:** The 1992 Cable Act requires that the Commission publish an annual statistical report on average rates for basic cable service, cable programming service, and equipment. The report must compare the prices charged by cable operators subject to effective competition with those that are not subject to effective competition. This survey is intended to collect the data needed to fulfill that statutory requirement.

The survey asks questions about an operator's monthly charge for the basic service tier and cable programming service tiers, and the monthly charge for equipment as of January 1, 2005 and January 1, 2004. In addition, the survey asks for information on the number of subscribers, number of channels in each tier, and installation charges. The survey also seeks information on system capacity, advanced services, and channel listings as of January 1, 2005.

**Tier Definitions:** Basic Service Tier (BST) is the package of channels (or tier) that includes the retransmission of local broadcast stations; public, educational and governmental (PEG) channels; commercial leased access of local origination; and other local stations. It sometimes may include a few satellite or regional channels.

Cable Programming Service Tier (also referred to as the "Expanded Basic Tier" in this survey), is any package or tier of channels other than the BST or programming offered as pay-per-program or pay-per-channel. Section F of the questionnaire further defines the BST and Expanded Basic Tier for the purpose of this survey.

**Responding Official:** A company official who is familiar with the services offered and rates charged by the cable system should complete this survey.

**How to download the survey from the Commission's Internet web site:** Download the questionnaire in computer spreadsheet format at <http://www.fcc.gov/mb/2005>, located on the Commission's Internet site. The questionnaire is available as a Microsoft Excel workbook.

**How to return the survey to the Commission:** Responses must be received no later than March 31, 2005. Please return the completed questionnaire(s) as an attachment to an e-mail. Alternatively, we request that you messenger-deliver the questionnaires, or deliver them by commercial overnight carrier, to the addresses specified below. In selecting any of these options, please ensure that the electronic survey

file you send is virus free using virus-detection software. If you are filing by e-mail, no paper copy of the completed questionnaire need be sent. If you are using one of the other options listed below, please send one paper copy and one 3.5-inch diskette containing the completed questionnaire. Please do not send a diskette containing the completed questionnaire via regular mail because the mail screening techniques used by the Agency will render the diskette useless. You may send diskettes via commercial overnight delivery or via messenger. If you do not have access to a computer, two paper copies will be accepted in lieu of an electronic filing.

**E-Mail:** We encourage the use of e-mail to facilitate the return of completed questionnaires. Attach the completed questionnaire as an Excel attachment to an e-mail message sent to the following address, which was established uniquely for this purpose: [cablesurvey@fcc.gov](mailto:cablesurvey@fcc.gov). Only FCC employees participating in the analysis of the survey will have access to this account. Responses will be protected to ensure that after being received by the FCC they are secure from unauthorized access. No paper copy of the survey need be sent.

**Commercial overnight delivery:** You may return completed questionnaires via a commercial overnight delivery service. Responses should be delivered to 9300 East Hampton Drive, Capitol Heights, MD 20743, between 8:00 a.m. and 5:30 p.m. Please address responses to Media Bureau, Federal Communications Commission, Attention: Cable Price Survey. Deliver one paper copy and one 3.5-inch diskette containing the completed questionnaire in Excel format.

**Messenger delivery:** The Commission's contractor, Natek, Inc., will receive messenger-delivered filings at 236 Massachusetts Avenue N.E., Suite 110, Washington, D.C. 20002, between 8:00 a.m. and 7:00 p.m. Envelopes must be disposed of before entering the building. Therefore, attach a cover page to one paper copy of the questionnaire, addressed to Media Bureau, Federal Communications Commission, Attention: Cable Price Survey. Fasten together that paper copy and a 3.5-inch diskette containing the completed questionnaire in Excel format, and deliver to the above address.

**Confidentiality:** If any individual respondent to the survey wishes to request confidential treatment of any data provided in connection with this survey, in accordance with Sections 0.457 or 0.459 of the Commission's rules, the respondent should request such confidentiality in writing and identify clearly the specific information to be protected. The respondent also should provide, as required by the rules, a complete explanation of why such treatment is appropriate. The request for confidentiality should accompany your completed questionnaire(s). If you are responding by e-mail, you should attach the request to the same e-mail as your completed questionnaire(s) and send it to [cablesurvey@fcc.gov](mailto:cablesurvey@fcc.gov). If you are responding by commercial overnight delivery or messenger delivery, you should attach the request to your survey response and deliver it to the appropriate address given above.

**If You Need Help:** If you have any questions regarding the content of the questionnaire, the definitions to be used in answering specific questions, or the method of filing, please call John Scott of the Media Bureau at (202) 418-2330, Monday through Friday, between 9:00 a.m. and 5:30 p.m. (EST), for assistance.

**2005 Annual Cable Price Survey**  
(Save file under CUID code in Question 1)

**A. Community**

1. 6-digit community unit identification (CUID)
2. Name of the community associated with this CUID
3. Name of county in which the community is situated

For **Question 4**, if you cannot identify the highest, then identify a Zip Code with a significant portion of subscribers.

4. 5-digit Zip Code with the highest number of subscribers in the community

**Questions 5 and 6** pertain to "Effective Competition" status. Local governments have authority to regulate the price of basic service (but not expanded basic service) unless the FCC grants an "Effective Competition" petition for the franchise area. If the FCC has granted Effective Competition status, the answer to question 5 is "yes" and the answer to question 6 is "no". If the FCC has not granted Effective Competition status, the answer to question 5 is "no" (even if you have competition in the community) and the answer to question 6 depends on whether the local government exercises its authority to regulate basic service charges.

5. Has the FCC made a finding of "Effective Competition" for this community? (yes or no)
6. Does the local government regulate basic tier cable rates for this community? (yes or no)

**B. System**

In defining cable system, for this survey, use the smallest physical system for which you maintain subscriber product account information. Although Effective Competition is defined at the community level, this survey uses the cable system area as a point of reference for many questions. This is because we have found that cable operators responding to this survey are more likely to maintain, or are better able to estimate, information at the system level.

7. Name of the cable system
8. Street address and/or POB
9. City, State and Zip Code
10. System's highest operating capacity in MHz (e.g., 750)
11. Is system part of a cluster of systems sharing personnel, management, and/or facilities? (yes or no)

**C. Parent Company**

12. Name of ultimate parent entity
13. Name of survey contact person
14. E-mail address of contact person
15. Area code & telephone number
16. Number of subscribers nationwide of parent entity

**D. Certification**

I certify that I have examined this report and all statements of fact herein are true, complete, and correct to the best of my knowledge, information, and belief, and are made in good faith. Willful false statements made on this form are punishable by fine and/or imprisonment (US Code, Title 18, Section 1001) and/or forfeiture (US Code, Title 47, Section 503).

17. Name
18. Title
19. Date

### E. System Area Information

For **Questions 20 and 21**, provide your best estimate for the system service area of the number of: (1) **households** (your subscribers plus all other households) and (2) **households passed** (your subscribers plus other households near enough to your distribution facilities for you to install cable service).

#### Households and Households Passed

20. Number of households in the system service area (see definition above)  
 21. Number of households passed in the system service area (see definition above)

01/01/05

#### Subscribers in the System Area

22. Number of subscribers to your basic cable service (definition in Section F)  
 23. Number of subscribers to your expanded basic service (definition in Section F)

01/01/04	01/01/05

#### DBS Competition in the System Area

24. Direct broadcast satellite (DBS) / satellite TV subscribers in your system area (your best estimate)  
 25. Does DBS offer local channels (local-into-local service) in your system area? (yes or no)

#### Services Offered in the System Area

26. Do you offer digital programming? (yes or no)  
 27. If yes, number of basic cable service subscribers that also subscribe to your digital service  
 28. Do you offer high definition television (HDTV) service? (yes or no)  
 29. If yes, number of basic cable service subscriber that lease an HDTV converter  
 30. Do you offer cable Internet access? (yes or no)  
 31. If yes, number of basic cable service subscribers that also subscribe to your Internet access service  
 32. Do you offer telephony service over cable system facilities? (yes or no)  
 33. If yes, number of basic cable subscribers purchasing circuit-switched cable telephony  
 34. If yes, number of basic cable subscribers purchasing Voice over Internet Protocol (VOIP) telephony

**Question 35** refers to programming expenses for basic service & expanded basic service (defined in Section F). For each service, this expense may equal the sum of monthly per-subscriber fees levied by programmers times the number of subscribers times 12 months. Include copyright, retransmission consent, and other fees paid to programmers and broadcasters. Do not include expenses for premium channels, pay-per-view, digital and other services.

#### Basic & Expanded Basic Programming Expense

35. Annual programming expense in system area

Year 2003	Year 2004

### F. Cable TV Service in the Community

**Basic service** is the tier that includes local broadcast stations, public, educational, and governmental access channels, and typically a few additional channels. **Expanded basic** is the tier that includes all other analog channels except mini-tiers and premium or pay-per-view channels. Among programming tiers, expanded basic typically meets two criteria. It has: (1) the most channels and (2) the most subscribers (other than basic service).

#### Basic & Expanded Basic

36. Monthly charge: **basic service**  
 37. Monthly charge: **expanded basic service**  
 38. Total charge for basic & expanded basic service (36 + 37)  
 39. Number of channels: **basic service**  
 40. Number of channels: **expanded basic service**  
 41. Total channels carried on basic & expanded basic service (39 + 40)

01/01/04	01/01/05

**Monthly Equipment Charges**

42. Do you offer an **addressable analog converter** box & remote control? (yes or no)
43. If yes, monthly charge to lease (enter 0 if always free of charge)
44. Do you offer a **digital converter** box & remote control? (yes or no)
45. If yes, monthly charge to lease (enter 0 if always free of charge)
46. Do you offer a **HDTV converter** box & remote control? (yes or no)
47. If yes, monthly charge to lease (enter 0 if always free of charge)
48. Do you lease a **CableCARD**? (yes or no)
49. If yes, monthly charge to lease (enter 0 if always free of charge)
50. If you sell the CableCARD, price at which subscribers may purchase

01/01/04	01/01/05

**Question 51** refers to the digital tier charge separate from the amounts charged for a digital converter and other programming tiers. For example, if there is a \$5 charge for the digital tier and a \$6 charge to lease a converter, enter \$5. Similarly, if the charge for basic plus expanded basic service equals \$40 and the digital tier equals \$10, enter \$10. **Questions 52 and 53** are equal if the digital tier includes a converter at no charge, and otherwise equals the total of Questions 45 plus 52. For **Question 54**, do not count audio-music channels that may be part of the digital tier, and premium or pay-per-view channels to which the subscriber may gain access but for which the subscriber would be charged extra.

**Digital Tier (Most-Highly Subscribed)**

51. Do you offer a digital tier of channels? (yes or no)
52. Monthly charge for the digital tier (see note above)
53. Monthly charge for this digital tier plus a converter (see note above)
54. Number of channels on this digital tier (see note above)

01/01/04	01/01/05

Questions 55 through 60 request information about sports tiers. A sports tier is a package of at least two channels not offered on a pay-per-channel or pay-per-view basis. In addition, these channels must provide programming 365 days per year. Products such as MLB Extra Innings and NBA League Pass which are only available during their respective sports' seasons do not qualify as sports tiers. **Question 57** refers to the amount charged separate from a converter and other programming tiers. If charge is made less frequently than monthly (e.g., quarterly) please convert charge to a monthly basis. For **Question 59**, do not count sports premium or pay-per-view channels to which the subscriber may gain access but for which the subscriber would be charged extra.

**Sports Tier (Most-Highly Subscribed)**

55. Do you offer a programming tier limited to sports channels? (yes or no)
56. Is the sports tier offered in digital format? (yes or no)
57. Monthly charge for the sports tier (see note above)
58. Is a converter included in the price reported in Question 57? (yes or no)
59. Number of channels on the sports tier (see note above)

01/01/04	01/01/05

60. Name or brief description of this sports tier as of January 1, 2005

--

The following refers to ability to view in HD format the programming offered in HD format by local broadcasting stations. It may refer to a tier or individual channels of HDTV local broadcast signals, whether or not the tier also includes other HDTV offerings. For **Question 62**, enter \$0 if no charge(s) apply. Enter the HDTV tier charge (and/or channel charges) separate from charges for a converter and other programming tiers. For example, if the HDTV tier charge is \$5 and the HDTV converter charge is \$6, enter \$5. Similarly, if the HDTV tier charge is \$5 and a \$10 charge applies for a tier the subscriber must purchase to have access to the HDTV tier, enter \$5. For **Question 64**, do not count channels to which the subscriber may gain access but for which the subscriber would pay extra.

**High-Definition Television (HDTV)**

61. Do you offer the ability to view local broadcast stations in HD format? (yes or no)
62. Sum of monthly charges for HDTV broadcast signals you carry (see note above)
- Regarding the total monthly amount reported in Question 62:
63. Does the amount include the lease of an HDTV converter? (yes or no)
64. Total number of channels received in HDTV format (see note above)
65. Number of channels in Question 61 that are local broadcast signals

01/01/04	01/01/05

Questions 66 through 70 refer to one-time service installation charges. If installation is free of charge, enter 0. In addition to the fixed charge, if an hourly charge typically applies in lieu of or in addition, report the total charge based on the fixed charge plus estimated work time.

**Installation Charges (Non-Recurring)**

- 66. Charge for unwired home installation
- 67. Charge for pre-wired home installation
- 68. Charge for reconnection of service
- 69. Charge to install/configure a CableCARD, existing cable subscriber
- 70. Charge to install/configure a CableCARD, new cable subscriber

01/01/04	01/01/05

**G. Channel Lineup at the Community Level, as of January 1, 2005**

Report the number of local broadcast stations, PEG, and leased access channels you carry, but do not list individually. Report individually other networks you carry according to the 5 categories arranged in Columns B - F: (B) basic & expanded basic (see Question 41); (C) other analog (including premium, pay-per-view, or mini-tier); (D) digital tier (Question 51); (E) HDTV (including broadcast, premium, pay-per-view, and other); and (F) other digital (including, premium, pay-per-view including video on demand, and others not reported in Column D). For example, if you carry 10 broadcast stations on basic and the same 10 in HD format, enter 10 in both Columns B and E next to "Local broadcast stations" in Column A. Blank rows are provided at the end of the list. If you carry a channel but cannot find it listed, enter the name and number of channels on one of these blank rows. Enter 1 for full-time and 0.5 for half-time channels. Do not report audio-music channels.

(A)	(B)	(C)	(D)	(E)	(F)
Total Number of Channels	Basic and Expanded Basic	Other Analog Channels	Digital Tier	HDTV Channels	Other Digital Channels
